

CONFLICTS OF THE WORLD

Here is a view that maps the timeline of past and present conflicts. Data is captured by Information is Beautiful.

Conflicts are flagged as **CIVIL WAR**, **GENOCIDE**, or **WAR**.

Each ● is sized by the death count as a result of that conflict.

Click on a ● or ■ to view the details of the conflict selected.

SORT CONFLICTS BY:

LARGEST DEATH COUNT ☒

MOST RECENT CONFLICT ☐

GAZA-ISRAEL CONFLICT (2008 - 2014)

SUMMARY: Israel has carried out major offensives in Gaza since the Hamas victory in the Palestinian Legislative Council elections in 2006.

CAUSE: Part of the wider Israeli-Palestine conflict, territorial conflict over the Gaza Strip has caused thousands of deaths since since Hamas took power in the Palestinian Legislative Council Elections in 2006. Israel launched major offensives in 2008/9, 2012 & 2014, with 2014's 'Operation Protective Edge' seeing the highest death toll so far. A ceasefire was agreed upon in August 2014.
